The same can be said about you Cait! You also seem to go to women's restroom and locker rooms. You've said you're into women. You still, attracted to women. Yeah... just need one woman to make the accusation. And knowing how you are? It's probably true!

How? Does the sorority not have the power to accept or deny membership to their own sorority? If they do, and they did accept this person, is the onus not on them for accepting this person? If they were forced to then whoever forced the membership & living situation is wrong
